PROFESSIONAL SUMMARY

Versatile **Software Developer** with 3.5+ years of experience in **Mobile Application Development (iOS)** and **Web Development**. Strong expertise in building native iOS applications using **Swift and Objective-C**, along with responsive web applications using **HTML, CSS, JavaScript, and React.js**. Proven ability to work across the full development lifecycle, quickly adapt to new technologies, and deliver reliable, user-focused solutions.

TECHNICAL SKILLS

Mobile Development: iOS SDK, Swift, Objective-C, UIKit, Core Data, Push Notifications

Web Development: HTML5, CSS3, JavaScript (ES6+), React.js, Java, Python, Wordpress

Databases: SQLite, Core Data, MySQL

Tools & IDEs: Xcode, VS Code, CocoaPods, Git, GitHub, MySQL Workbench

APIs & Data: REST APIs, JSON, XML

Other Technologies: Firebase, Google Maps

Operating Systems: macOS, Windows

PROFESSIONAL EXPERIENCE

Software Developer – Blue Bricks Technology Pvt. Ltd.

July 2021 – March 2022 - Developed and maintained mobile application components and SDKs using **Swift and Objective-C** - Integrated **TensorFlow Lite (TF-Lite)** modules for offline eKYC mobile solutions - Collaborated with backend and AI/ML teams for API and feature integration - Participated in debugging, testing, and performance optimization

Software Developer – Incrust Software Pvt. Ltd.

February 2018 – October 2020

Mobile Projects (iOS): - Developed and maintained multiple native iOS applications using **Objective-C and Swift** - Integrated REST APIs, push notifications, and Google Maps - Worked on enterprise and consumer applications with multilingual support - Handled App Store deployment, testing, and post-release support

Junior Software Developer – Nustech Pvt. Ltd.

July 2017 – February 2018 - Worked on mobile and web-based modules for a social media application - Implemented UI components and integrated web services - Assisted in feature development, testing, and bug fixing

PROJECTS

Mobile Application Projects

Fantastic You (iOS App)

Technologies: Objective-C, Push Notifications

Description: A social networking iOS application focused on personal growth and well-being. Users can connect with friends, experts, and communities, manage privacy settings, and control notification preferences.

ESS – Employee Self Services (iOS App)

Technologies: Objective-C, Push Notifications

Description: An enterprise-grade mobile application that allows employees to apply for leave, manage timesheets, view payroll information, and track approval workflows. Supports Arabic and English languages with real-time notifications.

City App – Norway (iOS App)

Technologies: Objective-C, Google Maps, Push Notifications

Description: City-based information app providing details about shops, restaurants, events, parking, attractions, weather, and trails. Includes map integration, location services, and backend-driven real-time updates.

QCrash (iOS App)

Technologies: Swift, Push Notifications, Google Maps

Description: Queue and appointment management mobile application that allows users to

book appointments remotely, receive token numbers, and get notified about appointment status updates.

Web Development Projects

Event Planning Website

Technologies: HTML, CSS, JavaScript

Description: A responsive front-end website that showcases event services and allows users to submit event inquiries online. Includes form validation and interactive UI components.

Spark365

Technologies: React.js, JavaScript

Description: An interactive web application featuring New Year wish cards, inspirational quotes, and a resolution generator built using reusable React components.

TRAINING & CERTIFICATIONS

Professional iOS Development Training – Felix-IT Systems, Pune

- Swift, Objective-C, Core Data, SQLite, Firebase
- JSON/XML Parsing, Apple Maps & Google Maps

Full Stack Development Training – ITVedant, Pune

- HTML, CSS, JavaScript, React
 - MySQL
-

EDUCATION

Bachelor of Engineering – Computer Engineering

Pune University | 2014

Diploma – Computer Technology

MSBTE | 2010

ACHIEVEMENTS

- Participated in REDHAT Workshop – DYPCOE, Akurdi
- Participated in National Level Paper Presentation – JSPM Group of Industries.
